

Our BIM Services	Plan	Design	Build	Operate
Strategic BIM advice	■	■	□	□
Pre-Qualification questionnaires	■	■	□	□
Appointment guidance	■	■	□	□
Stakeholder engagement & training	■	■	■	■
BIM leadership	■	■	■	■
Creation of a client specific BIM strategy (EIR)	■	□	□	□
Carbon assessments	■	■	■	■
Integration of design for de-construction & re-use of materials	■	■	■	■
Consideration & evaluation of modern methods of construction	■	■	■	■
Promotion & integration of smart building principles	■	■	■	■
Development of BIM execution plan (BEP)	□	■	■	□
Organisation of a common data environment (CDE)	□	■	■	■
Digital twin / modelling strategy	□	■	■	■
Quantity extraction for volume, measurement and costing	□	■	■	□
Clash detection & coordination reporting	□	■	■	□
Visualisation & virtual reality	□	■	■	■
Construction sequencing	□	■	■	□
Tender support	□	■	■	□
Federation of an asset information model for FM purposes	□	□	■	■
Data management	□	■	■	■
